

ANNANDALE, NSW

## Abbie's Lane

Abbie's Lane opens up to the district below, treating residents to beautiful views from private courtyards and a rooftop terrace. Practical details also make life sweet at Abbie's Lane ? such as natural cross ventilation to maximise airflow, and open layouts that give you flexibility to set up the space in the way that suits you best. Classic brickwork meets stunning interiors, featuring custom joinery, natural finishes, top-quality appliances and generous storage. Car and bike parking tucked beneath the block also means there's a safe spot for your trusty set of wheels, however you like to roll.
